O. Machholz Wholesale List for 1925

All Previous Price Lists Are Hereby Cancelled

Prices Subject to Change Without Notice

I HAVE again the pleasure of presenting to you my catalogue for the coming season, and hope you will be induced by the extremely low prices to favor me with your orders which shall have my careful and prompt attention.

All my seeds have been selected with the utmost care and attention, therefore I am sure of their superior quality. No complaint can be entertained unless made on receipt of the goods and invoice, and no warranty or guaranty is given either as to description, quality, productiveness or any other matter of any seeds I send you, nor will I be responsible for the quality or value of the crops produced therefrom. Nevertheless I will certainly pay attention to any founded complaint, but a restitution of any article can never exceed the amount charged for in the invoice.

Being able and ready to meet all respectable competition, I would be glad to be informed if you are offered any article lower than these prices, and in such cases, I will if possible, give you other quotations.

A new and adequate Parcels Post law now applies to shipments of seeds, bulbs, tools, plants and garden supplies to all of the United States; Packages are subject to a limit of maximum weight in the first and second zones of 50 lbs.; and in all other zones, third to eighth, of 20 lbs. The maximum size of a package is 72 inches for combined length and largest girth. Insurance will be effected only when asked for and remitted for as follows: Parcels to the value of \$25.00 or under for 5 cents; to the value of \$25.00 to \$50.00 for 10 cents. Postage must be remitted in addition to the price of seed.

References as to quality of seeds sold by me: any of the leading market gardeners in the vicinity.

Respectfully,

O. MACHHOLZ.

ALL LEADING VARIETIES OF FLOWER SEEDS

All Orders Promptly and Carefully Executed

NOVELTIES

BEE—“Ideal”

Improved Crosby Beet, of extraordinary quality. The Beets are very uniform in shape, about ten days earlier than the **old variety**, and of fine deep-bloodred flesh without the coarse white rings.

CARROT—“Feonia”

The earliest half long, deep red forcing carrot.

CAULIFLOWER—“Lucullus”

A very remarkable shortstemmed, good sized, and white-headed variety. It beats all existing varieties by four or five days in earliness.

CELERY—“Wonderful or Golden Plume”

A new type of Golden Self Blanching with wider leaves and thicker stems. A great improvement over all other yellow varieties. It is somewhat earlier than Dwarf Golden Self Blanching and is more easily blanched to a beautiful clear creamy white. The plant is stout and stocky and a full heart. A vigorous grower and resistant to disease.

MELON—“Golden Champlain”

The extreme earliness of the Golden Champlain, which has made a record of ripening melons in 57 days from planting seed in the open field, puts it ahead of all others in this respect.

SPINACH—“Virginia Bloomsdale”

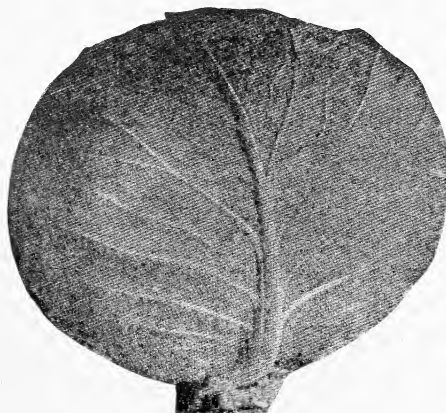

A blight resistant Spinach of the Bloomsdale type.

SPINACH—“Princes Juliana”

An improved Long Season variety.

LEGGETT'S

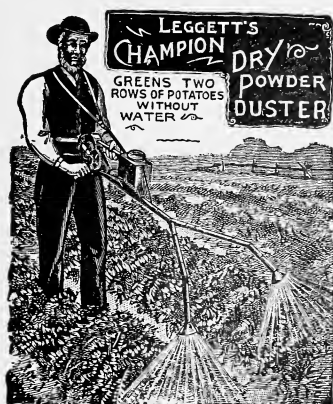

"Champion" Dusting Machine

Reg. U. S. Pat. Office

FOR DISTRIBUTING

Dry Insecticides and Fungicides

Paris Green, Hellebore, Sulphur, Lime, Dry Bordeaux Mixture, Bordeaux and Paris Green Compound, Tobacco Dust, Etc.

In general use
many years.

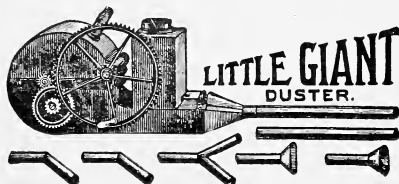

Thousands
sold annually.

Adjustable to
any width of
row, wide or
narrow plant-
ing.

Will Green two Rows of Potatoes at once as fast
as a man walks.

The length of the CHAMPION is such that the poison is kept
at a safe distance from the operator.

Weighs about 6 lbs. Without tubes is 27 inches long. Each machine is packed in a case complete, as above, comprising 4 16-inch tubes, 6 nozzels and 2 straps. Cased for shipping, weighs 16 lbs. The reservoir holds 4 lbs. Paris Green (or over a quart of powder). Machine is made in best manner of tin, iron, steel and brass.

The stock of the Duster contains a fan which is made to revolve rapidly by means of a crank.

When all the tubes are attached and held in position, the distance from the ground to the end is ten feet, and the powder is thrown out several feet beyond.
